ARTICLE 1 – RECOGNITION

- 1.1 The City recognizes the Union as the bargaining agent for the purpose of establishing salary, wages, hours and other conditions of employment for all of its employees in the classifications listed under Appendix “A” attached hereto and by reference made a part of this Agreement, and for such additional classifications as the parties may later agree to include. All provisions as stated herein shall apply to all Blue Collar Workers in all Departments in the City of Atlantic City covered by this Agreement and its addendums (Including lifeguard/Boatyard employees).

ARTICLE 2 – CHECK-OFF

- 2.1 The City agrees to deduct the Union monthly membership dues from the pay of those employees who individually request in writing that such deductions be made. The revocation of this authorization shall be in accordance with the provisions of applicable statutes as presently existing or as may be amended.

The parties agree that all employees in the bargaining unit who do not become members of the Union during any Union membership year shall have deducted from their salaries and forwarded to the Union a representation fee in a manner and in an amount as provided below.

B. REPRESENTATION FEE AMOUNT

Within thirty (30) days of the execution of this Article, the Union shall notify the City of the representation fee sum to be deducted from non-members' salaries for the remainder of the year. Thereafter, the Union shall notify the employees of the appropriate annual representation fee on an annual basis. Said sum shall not exceed 85 percent of the regular membership dues, fees and assessments charged to Union members unless the Legislature amends the existing ceiling rate whereupon the representation fee deducted shall be that amount set by the Union and consistent with the amended legislation. Any change in the representation fee shall be made upon written notification to the City.

C. REPRESENTATION FEE DEDUCTIONS

The annual representation fee shall be deducted from non-members salaries in substantially equal monthly (biweekly) installments. Representation fee deductions from the salaries of all nonmember-employees shall commence within thirty (30) days following the beginning of their employment in a bargaining unit position or the tenth (10) day following re-entry into the bargaining unit for employees who previously served in bargaining unit positions and who continued in the employ of the public employees in a non-bargaining unit position and persons being re-employed in such a unit from a re-employment list. For the purposes of this Article, ten-month employees shall be considered to be in continuous employment.

If, during the course of the year the non-member becomes a Union member, the City shall cease deducting the representation fee and commence deducting the Union dues beginning with the first paycheck to be issued ten (10) days after written notification of the change in status. Conversely, if during the course of the year the Union member directs the employer to cease

Union dues deductions in a manner appropriate under the terms of this Agreement, the City shall commence deduction of the representation fee with the first paycheck to be issued ten (10) days after written notification of the change in status. SUBJECT: Early Retirement Incentive Program Cost Information

03 AUG 15 AM 11:33
COMPTROLLER'S OFFICE

This letter provides cost information that will assist you in determining whether or not your location should offer the Early Retirement Incentive Program authorized in Chapter 128, P.L. 2003 to eligible employees enrolled in the Public Employees' Retirement System (PERS). This Local Government ERI Program was described to you in a letter dated July 21, 2003. A copy of that letter can be viewed on the Division's ERI Web site (click the ERI link from our home page at www.state.nj.us/treasury/pensions). An attached chart summarizes the Local Government ERI Program eligibility requirements and incentives.

The attached work sheet provides an estimate of pension costs calculated by the PERS actuary for the "eligible" employees who were reported as active at your location as of June 30, 2002. The Actuary used existing data to allow us to provide you cost information very quickly. If you have hired any ERI-eligible employees since June 30, 2002, they will not be reflected on this report. We can make special arrangements to refine the data at a later date, if it is necessary for your governing body's decision-making process. If we were to wait to use the June 30, 2003 data that has not yet been submitted by all employers, it would be several months before we could provide you with cost information.

The report is based on several assumptions. It assumes that the members will:

- Remain active at your location until retirement;
- Work continuously from June 30, 2002 until retirement;
- Have received salary increases since 2002 in line with the actuarial assumptions of the PERS (5.95%);
- All retire on July 1, 2004. The ERI laws permit a large number of possible effective dates; we selected the end of the fiscal year for this estimate;
- Not be extended beyond their ERI retirement dates; and
- Not have made a purchase of service credit between June 30, 2002 and their retirement.

Additions or deletions may be required based on your current records to reflect terminations, returns from leave of absence, and transfers.

The total estimated additional pension costs are shown in the last column that has printed data. This total cost consists of up to three components, depending upon the individual circumstances. The first component is the incentive itself. For category 1 employees, that is the lifetime cost of the extra years of service provided under the incentive and the acceleration of retirement costs. The acceleration costs are primarily those pension payments made because the individual retires earlier than he otherwise would have had there not been an ERI. If the member will be under age 55 at retirement, there is also a cost because of the elimination of the reduction of the age penalty. Any category 2 pension costs shown will only be acceleration costs since the incentive offered is employer-paid health benefits and not a pension enhancement. The additional cost of health benefit coverage is considered to be a separate, pay-as-you go cost that is not reflected in the pension liability (see the next paragraph). The category 3 costs are the \$500 per month for two years (present value of \$10,972) and the acceleration costs, if any.

There are other costs that will be incurred by an employer offering the Local Government ERI Program under Chapter 128. The cost of lifetime health benefits through the State Health Benefits Program (SHBP) for category 2 eligible employees and their dependent family members is specifically identified in the law. If the employer normally reimburses its retirees for Medicare Part B premiums, this should also be included in the health benefits costs. The annual cost for a retiree for health benefits depends upon the retiree's Medicare status, family situation, and plan selection, all of which could change year-by-year. The 2003 annual cost (not including any Medicare reimbursement) for a retiree in the Traditional Plan of the State Health Benefits Program, the plan selected by a large number of retirees, ranges from \$3,650 (Medicare eligible with single coverage) to \$17,519 (No Medicare with Family Coverage). Even if you were able to project costs based on the employee's current status, health benefits costs have been rising at a high and relatively unpredictable rate over the past several years. Current SHBP rates for retirees are available on the Division's Web site through the SHBP links.

Other possible costs to an employer for the ERI are dependent upon the employer's policies or contractual agreements with its employees. The most significant of these might be the payment for unused sick and or vacation time to an employee who retires. Although this is a cost that would probably be paid eventually without the ERI, it is accelerated by the ERI.

How to use the worksheet.

The worksheet consists of a separate listing of the eligible PERS employees by ERI Category. The worksheet allows you to capture the first year costs and savings generated by the program. Ideally, you should do a year-by-year cost and savings analysis for as long as you would be paying for the program. This will allow you to see the annual budgetary impact, as well as the total costs and savings of a decision to adopt the ERI. The Worksheet will give you a rough estimate of costs and savings on which to make a decision.

Complete the worksheet as follows:

I. Eliminate those individuals not eligible for the ERI because they are part-time or have already terminated employment. You may also eliminate those you believe will not retire even if offered the incentive.

II. Identify those employees who will elect to retire by marking a "Y" in the ERI column. For each employee so marked, complete the rest of the worksheet as follows:

Cost

1. Use the "Estimated Additional Liability (Total)" figure to calculate your annual additional pension costs and insert that into Column A. This calculation will be based on the funding vehicle chosen to pay for these pension costs. If your location does not bond these costs, the payment method is 15 years at 8.75% interest with payments increasing by 5.95% per year. To determine the first year's cost under this payment schedule, divide the total pension liability by 12.2523451 and multiply the result by 1.0595. If you are doing a multi-year analysis, you can get a subsequent year's payment by multiplying the previous year's payment by 1.0595.
2. In column B, insert other costs that you will have to incur such as payment for unused sick leave, vacation pay, health benefits, etc.
3. Total columns A and B to reflect one year's total estimated cost.

Savings

1. In column C, insert the current salary to be eliminated. If the individual is to be replaced, only insert the incremental amount to be eliminated. For example, if you will replace an individual earning \$50,000 by someone earning \$40,000, the net savings to be inserted in column C would be \$10,000.

2. In column D, enter FICA savings. (Multiply column C by .0620 up to the Social Security maximum and add Part A Medicare savings {Multiply the full amount of column C by the .0145 contribution percentage}).
3. In column E, insert the other employer costs that would be eliminated as a result of the position being vacated (or incremental costs if the employee is replaced). Such costs include health benefits as an employee, unemployment insurance, disability insurance, etc.
4. Total columns C, D, and E, to reflect one year's total estimated savings.

III. Compare the one-year total estimated cost to the one-year total estimated savings. If you have employees who qualify for the ERI because of a purchase made since June 30, 2002, be aware that savings and costs for them will not be included or, if they moved from a lower to higher ERI category, the costs may be understated.

Important Considerations:

- The annual cost of health benefits under Category 2 is a lifetime cost. However, if the employer already pays for the health benefits of its retirees with over 25 years of service, the annual cost of health benefits under Category 2 can be considered an additional cost for between one to five years, depending upon the employee's years of service. If these category 2 individuals hadn't taken the ERI, they would have presumably have worked until they attained 25 years and then retired with employer-paid health benefits.
- If you do a year-by-year cost/savings comparison, savings for a vacated position that you do not refill should only be assumed until the individual would have normally retired, i.e., approximately three to five years.

Obtaining ERI Information

Additional, more current information about the ERI is posted to a special section of the Division Web site (www.state.nj.us/treasury/pensions). The site outlines the program, details eligibility information, and explains how the program will work. We will post updates on the ERI program frequently, so this site should be very useful to you and your employees.

Questions about the Local Government ERI Program should be directed to the Division of Pensions and Benefits through the normal communications channels.

Dear Ms. Bromley:

This letter acknowledges receipt of the certified resolution passed by your governing body on May 20, 2004, in which it elected to provide and pay for early retirement incentive (ERI) benefits authorized by Chapter 128, P.L. 2003. The effective date of your ERI is July 1, 2004 and your ERI window, the months in which retirements under the program may occur, is August 1st, September 1st, and October 1st, 2004.

Details on the implementation of your ERI program are attached. These cover

- Employee eligibility,

- Employee retirement date extensions,
- Employee notification and education,
- Consulting with bargaining unit representatives,
- State Health Benefits Program billing,
- ERI pension cost billing,
- Bonding pension costs, and the

EMPLOYEE ELIGIBILITY

Qualifying for the ERI. Employee eligibility (age and years of service) for the ERI must be established by the last possible retirement date within the ERI window. If an employee needs to purchase service credit to qualify for the ERI, the application to purchase must be filed with the Division of Pensions and Benefits before the last possible retirement date within the ERI window. Service earned or requested for purchase after the last possible retirement date within the ERI window, that is, during an employer-approved extension, cannot be used to qualify for the ERI, to change the ERI category for which the employee qualifies, or to qualify for a Veteran Retirement benefit. Service and salary earned and service purchased after the ERI qualifying date will be used to calculate the retirement allowance for the member; it just cannot be used to change the incentive being offered.

Certifying Employee Eligibility. The Division will send you a preliminary list of employees eligible for the ERI based solely on age and service using the most current data posted to our records. You have to review that list and certify to us, through our Employer Pensions and Benefits Information Connection (EPIC), which is described below, employees who are not eligible because they

- Are not full-time,
- Are on an extended leave of absence without employer-provided health coverage, or
- Have terminated employment.

You must also add anyone we may have missed because of a return from an extended leave, a recent transfer from another public employer, or some other reason.

EMPLOYEE RETIREMENT FILING

Filing Deadline. Employees who wish to take advantage of the ERI must file for a retirement date within your ERI window up to the day before their selected retirement date within that window. An ERI-eligible employee who filed for retirement prior to the adoption of the resolution, and whose retirement is not yet due and payable, may change his/her retirement date so it will fall within the ERI window if he/she will remain employed with you up to the ERI retirement date. The employee can do this by completing and submitting a *Change Retirement Application* that can be obtained from the Division Web page (which is located at www.state.nj.us/treasury/pensions/ro-0428.pdf). If the employee's retirement date already falls within the ERI window, he/she need not do anything to qualify for the ERI benefit.

EXTENSIONS

Procedures for granting extensions. The ERI laws permit the governing body of an employer who adopts an ERI to extend the retirement date of an employee performing a critical function for up to one year beyond the final retirement date in the employer's ERI window. The employer determines who is a critical employee, but the employee must agree to the extension. The governing body will have to specifically approve the extensions authorized unless it delegates authority to do this to an official of the organization. You must notify the Division of the employees being extended and their revised retirement dates through EPIC at least one month before the end of your ERI window*. The Division will then change the retirement date based on the extension instructions you provide us and notify the employee, by letter, that the retirement date was changed.

*Important Note: an employee being extended must file for retirement prior to the end of the ERI window for a retirement date within the window.

NOTIFYING EMPLOYEES OF THEIR ERI ELIGIBILITY

Employer Responsibility. You are responsible for notifying your employees that you are offering the ERI. We encourage you to direct your employees to our ERI Web page (accessible through our regular Web page at URL www.state.nj.us/treasury/pensions) for the most recent information. You are also responsible for distributing to your eligible employees the information we will provide you that is described below.

Division Responsibility. Approximately two weeks after you have certified the ERI eligibility list through EPIC as described above, we will provide you with a sealed retirement estimate for each of your eligible employees. This estimate will be calculated using the final month in your ERI window as the expected retirement date. The estimates will provide the monthly retirement benefit under the ERI for Maximum and Option 1 only since beneficiary information is not available to us. We will provide, within the estimate, instructions on how to obtain a complete retirement estimate and when they must file for retirement in order to qualify for the ERI. We will send you, along with these estimates, general literature about the ERI that you may copy and distribute to eligible employees or provide to other employees who may become eligible for the ERI at a later date through a purchase of service credit. We will also send you a small supply of the *Application for Retirement Allowance* and the *ERI Rollover Election Form* (for Category 3) for your employees' use during the ERI. The ERI forms are available on-line at our ERI Web site if you need additional copies. We plan to provide these materials to you approximately a month after your adoption of the ERI and two weeks after you have certified the revised employee eligibility list through EPIC.

Other Information Resources. The Division's Local ERI Web site is the best source of information about the ERI programs being offered under Chapters, 127, 128, 129, and 130 P.L. 2003. (The site is linked to the Division's Home page and the URL is www.state.nj.us/treasury/pensions/localeri03.htm). The Division will be offering small-group workshops in Trenton several times a month specifically devoted to the ERI that your eligible employees may schedule at their convenience. Information about these workshops is included in the retirement estimates, described above, that will be provided to your eligible employees.

CONSULTING WITH BARGAINING UNIT REPRESENTATIVES

Each of the ERI laws require the employer to "meet and consult with" the bargaining representatives of its employees who would be eligible for benefits under the ERI law. This has to be done within one year of enactment of the law, that is, before July 15, 2004, whether the employer adopts or does not adopt the ERI program. The ERI laws clearly state that the decision to adopt is to be made by the governing body of an employer. State law also says that pensions are not a negotiable benefit. Therefore, at a minimum, the employer must meet with and inform the bargaining representatives of the law and, as a maximum, may solicit input into the employer's decision-making process. However, no agreement can be struck with the bargaining units about the adoption decision.

STATE HEALTH BENEFITS PROGRAM (SHBP) BILLING

Chapters 128, 129, and 130 have employer-paid post-retirement medical (PRM) coverage in the SHBP as the category 2 incentive benefit.

- If you are a SHBP participating employer that already pays for PRM coverage, you will be billed in the normal manner for your employees who obtain the PRM coverage as their incentive.
- If you are not a SHBP participating employer that already pays for post-retirement medical (PRM) coverage, an account will be established and you will be billed monthly for your employees who obtain PRM coverage as their incentive.
- In either case, you also will be responsible for directly reimbursing the retirees (and spouses, if applicable) for their Part B Medicare premiums when they have the Medicare coverage.
- If you are an education employer (school board, education services commission, jointure commission, or county community college), the SHBP will also bill you for the cost of PRM coverage for your category 1 eligible employees (those with 25 or more years of service) for the first three years (36 months) following their retirement. You will be responsible for reimbursing directly to the retiree any Part B Medicare premiums that the retirees and or spouses pay.

Chapter 127 has employer-paid post-retirement medical (PRM) coverage in the employer's health benefits plan as the category 2 incentive benefit if the employer normally provides PRM coverage to its retirees.

- If you are a SHBP participating employer that already pays for PRM coverage, you will be billed in the normal manner for your employees who obtain the PRM coverage as their incentive.
- If you are not a SHBP participating employer that already pays for post-retirement medical (PRM) coverage, you are responsible for providing the PRM coverage in the same manner as you do for your other retirees.
- If you do not normally provide PRM coverage to your retirees, there will be no health benefits costs because your category 2 employees will receive the category 3 incentive benefit (\$500 per month for 24 months) from the PERS.

OBTAINING ACTUAL ERI PENSION COSTS

Actuarial Calculation Process. The actual costs for your ERI will not be calculated until after the end of the fiscal year in which your last ERI retirement occurs. An employer with an ERI window that ends during FY 2004 (July 1, 2003 – June 1, 2004) will be notified of its actual costs subsequent to the completion of the June 30, 2004 actuarial valuation for the applicable retirement system. Those valuations will be completed in the November-December 2004 timeframe. An employer with an ERI window that ends during FY 2005 (July 1, 2004 – November 1, 2004) will be notified of its actual costs after the completion of the June 30, 2005 actuarial valuation, which will be in the November-December 2005 timeframe. If retirements are spread over two fiscal years because of the selection of the ERI Window or because of extensions, complete costs will not be calculated until the actuarial valuation that covers the final ERI retirement dates.

Paying for the ERI. Notification of actual costs does not coincide with the due date of the first payment. For PERS and TPAF locations, for costs that are determined as of the 2004 valuations, the first payments will be due in 2006 and for costs that are determined as of the 2005 valuation, the first payment will be due in 2007. For PFRS locations, if costs are determined as of the 2004 valuation, the first payment will be due in 2007 and for costs that are determined as of the 2005 valuations, the first payment will be due in 2008. Interest does accrue, however, from the date of the valuation. ERI payments will be required over fifteen years at 8.75% interest. For TPAF bills, the payments will be level over the fifteen years. For PERS and PFRS bills, the payments will be increasing by 5.95% per year. Each ERI law contained a provision that allows the employer to issue bonds to pay for the ERI pension costs it incurs.

OBTAINING ESTIMATED PAYOFF COSTS FOR BONDING PURPOSES

After Final Calculations Are Made. If you wish to issue refunding bonds to pay your ERI liability after we have made the final ERI calculations and billed you, you can write or e-mail us (Anita.Johnson-fellenz@treas.state.nj.us), give us the payoff date, and we will provide you the payoff figure for that date and instructions on how to pay it.

Before Calculations Are Made. If you wish to issue refunding bonds before we have done the calculations and billed you, you will have to request an estimated pension liability from us and provide us the estimated payoff date, that is, the date you wish to pay the pension liability to us. We will send you an electronic file of your eligible employees that includes name, membership number, social security number, annual salary, retirement date (if filed), and early retirement category. You will have to update that electronic file with the most current information about your employees, e.g., current salary, anticipated retirement date, etc., so we have the best possible data on which to base the estimated cost. Our actuary will calculate the estimated payoff figure using the information you provide. Since final ERI cost figures will not be available until after completion of the actuarial valuation for the fiscal year in which the last ERI retirement occurs, this figure will be just an estimate. Once final figures are available, it will be necessary to adjust the final payoff figure and reconcile the amount you paid, which may be after you have bonded those costs.

We would like to use the Secure File Transfer (SFT) capability of EPIC to exchange the electronic file used in getting you a payoff estimate. You'll learn more about this capability when you receive your orientation on EPIC.

EMPLOYER PENSIONS AND BENEFITS INFORMATION CONNECTION (EPIC). A member of our Client Services' Employer Education Unit will be contacting you to arrange your enrollment into the EPIC. EPIC will be used to facilitate the administration of your ERI and should ease the paperwork burden for you and us. As stated above, it will be used to confirm the eligibility of your employees for the ERI, to transmit the extensions that your governing body approves, and to exchange the electronic file used to obtain the payoff estimate. EPIC will also be a useful tool in the administration of benefits outside of the ERI. A summary of EPIC is attached for your information.

EPIC At A Glance

Purpose of EPIC

To provide user-friendly, real time access to vital pension information for employers and employees.

System Design

To provide administrators and members of the NJ State-administered pensions and benefits programs direct access to information that will enhance their ability to administer programs at the local level and to access benefits.

The EPIC program will be rolled-out in three phases of increasingly sophisticated applications.

The EPIC program is designed to utilize the communication potential of the Internet.

EPIC is designed to enhance pensions and benefits administration throughout the complete life cycle of employees' careers.

Security

EPIC applications are accessed through "myNewJersey" web portal.

The security system is designed to allow access to a limited number of authorized users at each employing location for that location only, ensuring the safety of sensitive member information.

Levels of access to EPIC applications are controlled locally so that appropriate usage is maintained without extensive DPB oversight on a day-to-day basis.

CITY OF ATLANTIC CITY
RETIREMENT BENEFITS PROGRAM
June 1, 2004

The City of Atlantic City has expanded the Medical and Rx (but not Dental or Vision) components of its Health Benefits Program to provide lifetime coverage to those eligible employees who are covered by Collective Bargaining Agreements that have contracted for Retirement Benefits inclusion, and to eligible exempt employees.

Horizon Blue Cross has amended its existing HMO Blue contract to include a second category of covered persons who are designated as Retirees. To be eligible for enrollment into this category, the retiring employee must meet all of the following criteria on or after January 1 of 2004:

- (A) Have attained at least twenty-five years of service credits in a state or locally administered Retirement system, or have completed at least fifteen years of service with the City and reached age 62 years or older without regard to additional service credit; and
- (B) Have been employed by the City working an average of at least thirty-five hours per week during the last two years prior to retirement; and
- (C) Be enrolled in Medicare A+B for Medical and the broadest Rx option (when and if available), if eligible for Medicare enrollment. But if Medicare B eligibility is delayed until its next open enrollment – following retirement, Benefits covered thereunder will remain covered by the City's Retiree program until retiree has become eligible for enrollment into Medicare B.

Employees not employed by the City on or after January 1 of 2004 must be continuously employed by the City for a period of no less than fifteen years and be over age of 62 years following that date to be eligible for Retirement Benefits.

CITY OF ATLANTIC CITY
RETIREMENT BENEFITS PROGRAM
June 1, 2004

The City currently offers its employees four options for Medical coverage. Retiring employees who are covered by alternative Medical plans sponsored by the City must transfer to the City's HMO Blue Plan at the date of retirement in order to be eligible for Retirement Benefits. Alternatively, retiring employees and their spouses who are Medicare-eligible must enroll into a new program known as "Medicare Blue". This program has been customized for the City by Blue Cross to provide Benefits that are essentially the same as HMO Blue. The enclosed Exhibit has been prepared by Blue Cross staff to illustrate the differences between the HMO Blue and Medicare Blue.

It is anticipated that various Prescription plans will be offered by Medicare, either as part of Medicare A or B or as a free-standing program. Once the Rx plans are available the City will select the Rx plan or plans deemed most cost-effective; the contribution percentages will be as outlined above, and the Rx premiums will be adjusted to reflect the reductions resulting from the selected plan or plans.

Retiring employees and their spouses that are not yet Medicare-eligible at time of retirement must enroll into HMO Blue, and then each person must enroll into Medicare Blue during the three month period prior to the date that each person becomes Medicare-eligible.

The share of Benefits costs to be borne by the Retiree shall be the following percentages of monthly HMO Blue rates or Medicare Blue rates promulgated for the City as of March 1 of each year:

A) Employees retiring on or before September 1 of 2004	5%
B) Employees retiring September 2 of 2004 through September 1 of 2005	15%
C) Employees retiring on or after September 2 of 2005	25%

Dependents of a covered Retiree who were covered by the City's Benefits Plan at least one year prior to date of employees retirement date shall be eligible for continued coverage, subject to HMO Blue or Medicare Blue eligibility rules, as long as the retiring employee remains covered under the City's Benefits Plan. Termination of coverage for the employee will serve to terminate coverage for dependents. But in the event of death of the Retiree, the enrolled spouse may remain covered in the City's plans by contributing 67% of the applicable monthly rates.

Dependent children of a retiring employee who becomes Medicare-eligible and enrolls in Medicare Blue shall remain covered by HMO Blue on a single or parent/child basis as applicable, until they are no longer eligible for coverage.

CITY OF ATLANTIC CITY
RETIREMENT BENEFITS PROGRAM
June 1, 2004

If a Retiree covered by the City's Benefits Plan establishes permanent residence outside of New Jersey into a state or geographical area not having medical providers contracted to HMO Blue or Medicare Blue, the Retiree may purchase Medical/Rx coverage in the newly domiciled area, and the City shall contribute by check payable to Retiree an amount equal to its share of the costs it would have paid to HMO Blue or Medicare Blue. Reimbursement procedures must be in compliance with NJ Pension regulations.

The City will invoice the Retiree once monthly for the Retiree's share of costs; payment in good funds must be received at the location of the payer designated by the City no later than twenty days thereafter. Payments received after 20th of month due may, at the option of the City, be returned and coverage may be terminated without obligation to reinstate. Non-payment by the Retiree shall serve as notice to the City that coverage is to be terminated.

A retiring employee who is the spouse of a covered active employee of the City shall receive Benefits following retirement as the dependent of the active employee. Upon the subsequent retirement of the active employee, the couple shall become eligible for Retirement Benefits on a "Family" or "Husband/Wife" basis, and the applicable percentage of premium cost shall be determined by the retirement date of first retiring spouse.

It is the responsibility of the Retiree to notify the City upon attaining eligibility for Medicare and to purchase Medicare B, and to enroll into Medicare Blue, and to remain covered by Medicare A+B in order to be eligible to continue coverage in Medicare Blue. The City assumes no responsibility for retroactive premium crediting beyond one monthly billing.

Retirees and/or their Dependents enrolled in the City's Benefits Plans who become re-employed elsewhere and are thereby eligible for the new employer's Group Medical/Rx coverage are no longer eligible for inclusion in the City's Retirement Benefits program. Coverage in the City's plans will cease thirty days following eligibility for inclusion in the Plan sponsored by the new employer. A Retiree or Dependent who ceases to be covered by the City's Plans for more than thirty days is not eligible for re-entry into the City's Plans.

CITY OF ATLANTIC CITY
RETIREMENT BENEFITS PROGRAM
June 1, 2004

Any revisions or changes published by Horizon Blue Cross that affect all participants in its HMO Blue and Medicare Blue contracts will apply to the City's programs. And the wording in the City's collective bargaining agreements relating to "no change in Benefits" and the like shall be inapplicable in relation to changes in policy form made by Horizon Blue Cross for its HMO Blue and Medicare Blue contracts.

Any terms or conditions set forth in this program that are ruled to be in violation of state statutes or regulations shall be re-negotiated with the applicable collective bargaining units.

The City retains its right to replace its HMO Blue program at any time with an alternative plan providing equal Benefits. Nothing contained in the Retirement Benefits program shall impair this right.

Prior to enrollment inquiries may be directed to the City's Risk Manager. Once enrolled appeals must be directed to the City Business Administrator whose decision shall be final on all matters pertaining to the Program.
